using the following cards.

COLLABORATION

- KEY GROUP -

PERSONA Methodology

KEY GROUP

Who could benefit most from our efforts around energy in the neighbourhood and how can we make a real difference?

2

KEY GROUP

Who could benefit most from our efforts around energy in the neighbourhood and how can we make a real difference?

PERSONA Methodology

COLLABORATION

- KEY GROUP -

KEY GROUP

Is there a group of local residents and organisations we could involve in this project?

KEY GROUP

Is there a group of local residents and organisations we could involve in this project?

COLLABORATION

- GOAL -

What does an energy community mean to you?

GOAL

GOAL

What does an energy community mean to you?

COLLABORATION

- GOAL -

GOAL

Is the “why” of an energy community clear to everyone around the table?

COLLABORATION

- GOAL -

GOAL

Discuss the general CIRCUS definition of
an energy community:

“A group of rural residents and organisations ready to test
the CIRCUS method, work together on the energy transition,
and take action to build a more resilient community.”

COLLABORATION

- GOAL -

GOAL

How will you translate your definition of an energy community into your group? How will you move forward with this definition?

GOAL

How will you translate your definition of an energy community into your group? How will you move forward with this definition?

COLLABORATION

- GOAL -

SMART Methodology

GOAL

How can you formulate your objectives in a SMART way?
(Specific, Measurable, Achievable, Relevant, Time-bound)
